All data has been extracted, processed and presented through appropriate channels. *No information contained on CrimeMapping.com has been garnered by data scraping or other such inappropriate means.*

Data and Information

All offense data is obtained from Tritech software CAD system as reported and reflects the current date. Information and map are preliminary and subject to change as police reports are submitted. Media outlets are advised to confirm any information not already verified through department issued press releases. Data is illustrative, not an official crime report, and should not be used for comparative reporting. Offenses may not appear on the map if the address was unable to be geocoded (mapped). The Wheeling Police Department is not responsible for any error or omission, misuse, or results obtained from the use of this information. Although no personal information is disseminated through crimemapping.com, remember that all subjects are presumed innocent until proven guilty in a court of law.

Offenses Reflected

Offenses mapped reflect all Illinois uniform crime reporting offenses in an incident. Part 1 Offenses are eight crime categories made up of 38 offenses considered to be the most serious and may be a crime against person, property or society. Part 2 Offenses are twenty one crime categories that encompass all crimes that are not Part 1 Offenses and may be a crime against person, property or society.

Selectable crime categories are predefined by the Omega Group. Illinois uniform crime reporting offenses are then associated with said categories. Although all Illinois uniform crime reporting offense categories reported are captured by the Wheeling Police Department, the dissemination of certain specific offenses are not reflected in the Wheeling Police Department application of crime mapping. Specific offenses that are potentially sensitive and confidential will not be mapped on Crimemapping.com and are excluded prior to being made available to the public.
